A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 13 May 2008 has been entered.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: None of the prior art discloses or renders as obvious, a "sealing disk comprising two abutment surfaces disposed between a pair of sealing surfaces, the two abutment surfaces being configured to limit movement of the sealing disk in both longitudinal directions", in combination with the rest of the limitations of claim 1. Weh et al. (5,095,947) discloses a sealing disk (7) but does not provide a second abutment surface between the two pair of sealing surfaces to limit movement the sealing disk.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
